Terms and Conditions for network services

- Upon application, wired internet access lines will be installed from the floor trench to your stand.
- Internet services provider doesn't have the full liability of covering the danger of virus intrusions or latent cyber hazards. Each exhibitor should take extra measures to prevent such hazards at the cost and responsibility of the exhibitor.
- The exhibitors are not allowed to install their own private WiFi router on their stand for wireless or wired extra connections to internet

through IP sharing technology. This kind of internet access trial may result in whole blocking of access from the involved stand, and their LAN service can be terminated without service charge refund. The service provider reserves this right and also is free from liability on any loss or inconvenience happened. This rule comes from the justifiable reason that the service provider should manage and control the communication traffics in order to ensure the good quality of traffics.
